—Hallowe'en passed off quietly here. There was considerable parading on the streets en masque, a few gates removed and carried away, and the shutters taken from a few buildings.

No damage of any consequence was reported. The Public School gave a pie sale. The name of each young lady presenting the pie was made known, and the bidding was very spirited, one pie selling as high as 75 cents. Mr. E. F. Peterson acted as auctioneer. At the same time the cadets of the M. M. I. entertained the young ladies and faculty of the M. F. C., and a few other friends, in the gymnasium. The spacious room was decorated with Hallowe'en emblems. Most of the guests came en masque, and their identity was indeed puzzling. Tables were placed throughout the hall, upon which were apples, cracker jack and peanut candy and pumpkin pie, which were freely partaken of by the guests after unmasking. One of the pleasant events of the evening were several readings by Miss Jennie Maurie Pepper, who graduated from the Schuster School of Dramatic Art, and who will leave next week for her new home in Huntington, W. Va. The evening was enjoyed greatly by every one.

HAMILTON QUILTS RACE FOR THE SPEAKERSHIP.

Representative Elwood Hamilton, of Frankfort, has withdrawn from the Speakership race and indications are that Speaker Claude B. Terrell, of Bedford, will be accorded re-election for a second term at the 1914 session of the General Assembly. Speaker Terrell has not formally announced his candidacy, but it is expected in a few days. Only one other candidate is announced, Representative Stanley Reed, of Mayesville, but it is understood his announcement was conditional, and with the withdrawal of Hamilton from the race, it is expected that Reed will follow, and Speaker Terrell will be given the position without a contest.

For Tired Feet.

Nothing helps tired feet more than regular rubbing with vaseline or some other pure fat. Mutton tallow is very good and agrees with every skin. Soldiers grease their feet every night when on the march. An ounce of flexible collodion and 30 grains of salicylic acid is an effectual corn cure, but must not be allowed to touch the healthy flesh.

Women Are Independent.

Rheta Childs Dorr says that the women of Finland share in everything with the men and are chimney sweepers and hod carriers as well as clerks and stenographers. She says that most of the unmarried women have money, which they have earned themselves, and it is almost impossible to find one of them depending on father or brother.

Avoid Argument at Table.

Nothing is a better accompaniment to a meal than lively, cheerful conversation. But he who introduces at the table an unpleasant topic or starts an argument that may arouse animosity or be pursued too earnestly is not fit company for man or beast. He is imperiling the digestion of every one present.

FLAMES DESTROY PART OF BUSINESS SECTION OF JACKSON

Flames which broke out Friday night in the business section of Jackson did damage amounting to about \$200,000 in the heart of the city, and destroyed two blocks of buildings.

Two persons were injured, one seriously; and the flames were only stopped by the use of dynamite, Jackson having no fire department, and the hand brigade being powerless against the fire.

Alf Strong was seriously injured by being buried under a mass of wreckage when one of the buildings in the path of the flames was destroyed by dynamite, and W. E. Williams, cashier of the First National Bank, who was standing near Strong, was hurt, but not seriously.

Among the buildings which were burned were the postoffice, Thompson's Hotel, and the Baptist and Presbyterian churches.

The hotel was first destroyed and the flames then swept up the west side of Broadway for two blocks, despite the efforts of the firemen.

The east side of the street was also fire-swept, and Main street was included in the fire area as far as the First National Bank, which was not greatly damaged.

The greater number of the buildings were frame and offered little resistance to the fire, and in most cases the contents of the buildings as well as the structures themselves are a total loss.

The fire was discovered in time to enable all the guests in the hotel to escape, but many lost their effects in the building.

Mr. Williams, who was one of the injured, married Miss Texie Letton, of Bourbon county, who was visiting her sister, Mrs. D. B. Anderson, in

this city, when she received information of the accident in which her husband was injured.

Varied Causes of Suicide.

Causes of suicide vary. In the Oriental patriotic and religious reasons present themselves. In the west the causes are of a more personal nature. There are many classes into which cases may be divided. For example, the lonely, the sick and incurable, the unemployed and financially embarrassed, victims of nervous diseases.
